

About Us

Clover Glove Co. Ltd. was founded in 2020 as a full fledge trading and import/export all of medical equipment and is registered with the Ministry of Commerce under registration number 0105563094544

It has a strong link to many manufactures in Thailand. Combining with cooperative partner is surely superior blend since the eventually means pairing reliability and on-time delivery with an innovative, fast reacting.

Originally starting out in the Nitrile Glove the company became swiftly involved in plenty of other segments and is continuously adopting new challenges. Besides the trading business it has identified the necessity to offer special services to our clients.

Quality Assurance

Quality Control

Direct QC on the line is a regular practice to ensure that every glove is classified according to its quality standard. The parameters control systems for the raw materials used and operational process are set up to conform to the relevant or specific sections of the USA FDA's Good Manufacturing Practices (GMP), ISO 9001:2000, ASTM & EN455 Standards.

Quality Assurance Program

To ensure the perfection of Clover gloves, we apply an In-House Quality Assurance Program for every lot of gloves before shipping.

- Watertight inspection : AQL Level
- Physical properties : tensile strength, elongation and force at break
- Dimension measurement
- Protein content level
- Powder level
- Bio-burden

We are ISO 9001 : 2000 certified and accredited international standard for ASTM D3578, ASTM D3577, an EN 455. We are also listed in the FDA Medical Device Listings, and are complied wit the US-FDA Pre-Market 510 (k) Notification.

Quality Certificate

Test Report No. 4428445

4593693

A pair of white, long-sleeved gloves, likely made of a synthetic material like nitrile or latex, shown against a plain white background. The gloves are positioned side-by-side, palms facing each other. They have a simple, functional design with visible stitching at the wrist and fingers.[illegible]

Sampling Information:

Inspection Method: No inspection, submitted sample by client
Inspection level: N/A
AQL: N/A
Sample size: S

Material list:

Material No.	Material	Color	Location
M001	Nitrile gloves	Blue	Size S

1. Freedom from holes

Test method: With reference to EN 455-1:2000

Test result:

Test parameter	Tested samples	No. of samples for Non-conformance	Conclusion
Freedom from holes	200	0	Pass

Remark:

- All samples were selected and supplied by the client.
- The batch size of the gloves supplied was not stated by the client. In accordance with BS EN 455-1, a batch size between 50,001 to 150,000 was chosen, and therefore 50 gloves per stage were tested for perforations using General Inspection I at an AQL of 1.5%, with reference to table, the result can be judged as above AQL 0.65.

Stage No.	Cumulative no. tested	Accept	Reject
First	50	0	4
Second	100	1	6
Third	150	3	8
Fourth	200	5	9
